WATER RESOURCES DEVELOPMENT

Index to Volume 6

March, June, September and December 1990

Articles – titles

Adaptive irrigation management for subsistence farming: An economic model, *P. Abeygunawardena, Kenneth M. Strzepek* and *David A. Bessler*, **6**, 2, 115–121

Application of the contingent valuation method to the Keelung river, Taipei, *George J.Y. Hsu* and *Wen-Yao Li*, **6**, 3, 218–221

Arbovirus disease and surveillance methodology related to water resource development in Australia, *Brian H. Kay, Paul Barker-Hudson, Richard G. Piper* and *Neville D. Stallman*, **6**, 2, 95–103

Assessment of groundwater resources in Kuwait using a finite difference model, *Abdelwahab Amer, Jean-Marie Barrat* and *Amitabha Mukhopadhyay*, **6**, 2, 104–114

Assessment of historical changes in aquatic environments under climatic impacts, *J. Balek*, **6**, 3, 178–186

Bushfire hydrology: Runoff as an indicator of critical fire danger, *V. Kulik*, **6**, 1, 44–54

Comparative hydrochemical study of water springs in Saudi Arabia, *A.A. Bazuhair, M.T. Hussein* and *M.S. Hamza*, **6**, 2, 143–150

Coping with water scarcity: Implications of biomass strategy for communities and policies, *Malin Falkenmark, Jan Lundqvist* and *Carl Widstrand*, **6**, 1, 29–43

Cost recovery in water supply in developing countries, *Tapio S. Katko*, **6**, 2, 86–94

Designing communal rain-harvesting systems by spreadsheet method, *Jure Margeta* and *Darrell G. Fontane*, **6**, 4, 278–286

Development of water and silt resources in the lower reaches of the Huang He, *Niu Wenchen, Han Zhenzhong* and *Xu Jianxin*, **6**, 4, 287–292

Drought policy and drought planning in Africa, *Lekan Oyebande*, **6**, 4, 260–269

East African climate: 1880–1980, *Anderson J. Lema*, **6**, 4, 270–277

History of the drainage of the Valley of Mexico, *Enzo Levi*, **6**, 3, 201–210

Hydrolab: An expert system for groundwater exploration and exploitation, *Michel Detay* and *Patrice Poyet*, **6**, 3, 187–200

Major impacts of the Three Gorges project on the Yangtze, China, *Long Li*, **6**, 1, 63–70

Management plans for artificial reservoir recharge, *Uygur Sendil, Abdulaziz S. Al-Turbak* and *Fouad F. Al-Muttair*, **6**, 3, 163–169

Parallel processing in water management, *George F. McMahon*, **6**, 1, 19–28

Pump and flood irrigation: Complements for sustainable development in North Mali, *Kees Ton* and *Kees de Jong*, **6**, 2, 122–128

Rainwater storage in cement jars in Northeastern Thailand, *Kevin Hewison* and *Nongluk Tunyavanich*, **6**, 2, 129–136

Ricefield ecosystem management and its impact on disease vectors, *P.A. Roger* and *S.I. Bhuiyan*, **6**, 1, 2–18

Seepage losses from canal irrigation schemes: Influence of surface and subsurface conditions and implications for conjunctive use, *N.H. Rao*, **6**, 1, 55–62

Sustainable small-scale irrigation development: Issues for farmers, governments and donors, *Linden Vincent*, **6**, 4, 250–259

Tank irrigation in India: Problems and prospects, *Ramu Govindasamy* and *R. Balasubramanian*, **6**, 3, 211–217

The World Bank's new environmental policy for dams and reservoirs, *Robert Goodland*, **6**, 4, 226–239

Towards a funding future for hydrological services?, *John C. Rodda*, **6**, 3, 170–177

Towards a policy network approach to integrated water management: Experiences in the Netherlands, *Pieter Glasbergen*, **6**, 3, 155–162

Water conflict resolution in the Ganga-Brahmaputra basin, *Umesh C. Chaube*, **6**, 2, 79–85

Water resources development in the North China Plain and its effects on the environment, *Xu Yuexian*, **6**, 2, 137–142

Watershed management, *Asit K. Biswas*, **6**, 4, 240–249

Book reviews

Irrigation, Drainage and Flood Control in Canada, edited by Aly M. Shady (reviewed by Peter J. Reynolds), **6**, 3, 222

Water Management in Reservoirs, by L. Votruba and V. Broza (reviewed by Professor M.J. Hall), **6**, 1, 71

Conference reports

International Seminar on Climatic Fluctuations and Water Management, Cairo, Egypt, 11–14 December 1989, *M. Abu-Zeid* and *Asit K. Biswas*, **6**, 1, 72–74

International Seminar on Wastewater Reuse, Nice, France, 18–22 September 1989, *J.L. Millo* and *C. Visvanathan*, **6**, 1, 71–72
